

SPIKE-DEVIL

UP.S.D. Upside Down Performance

By:  **SPIKE-STRIP™**

FEATURES:

- ★ **World's Smallest and Light Weight Design.**
- ★ **Reusable**
- ★ **Hoslier for Quick Access and Storage**
- ★ **Cord Reel with Inspection Mouth**

**FITS
MOTORCYCLES**

THE SPIKE-DEVIL SYSTEM

Spike-Strip's accordion design folds up and rolls up into the world's smallest spike system. The frame enhances deployment, can be reloaded, and has U.P.S.D. Technology (Patent Pending).

The Spike-Devil when deployed spike side up provides optimum performance on all road surfaces and weather conditions. If deployed upside down, it provides performance on a variety of hard surfaces and under most weather conditions.

The Spike-Devil is available in a standard size (SD10010) model which is designed to cover one traffic lane. Spike-Devil is also available in a wider size (SD10020) model, *shown above*, which spreads across a portion of two lanes of traffic.

Each system includes a Holster, Bracket, Cord-Reel and replacement spike-cartridges, *shown above*.

The Holster allows quick access to the Spike-Strip. The Holster and Bracket provide storage and transfer between all types of Law Enforcement vehicles, including smaller size patrol cars and S.U.V.'s

The cord reel and strap are over-size and tough. The cord is 80 feet long and is heavy duty. The Cord-reel *shown above*, includes a mouth to inspect and service the reel. This is to ensure the safety of the officer and the public.

ACCESSORIES

Spike-Strip Holsters are available in custom colors and with your department's logo. Extra AccessoryHolsters mounted in spare vehicles will allow the transfer of your Spike-Strip to any vehicle in your fleet.

A **Spike-Bag** is available for storage in motorcycles, ATV's and Backpacks. The bag fits in the saddlebags of Harley Davidson, Honda, Victory and Kawasaki Police bikes.

Spike-Strip is available exclusively at selected law enforcement equipment Companies. You can visit us on the web at **www.spike-strip.com** or our spike-store at **www.spike-mobility.com**.
